Subject

Visit Report for the month of Feb. 2017 & Tentative Visit Schedule Mar to Jun, 2017.

I have honor to submit the visit report for month of Feb 2017 and Tentative Visit Schedule Mar to June 2017. It has been proven that people working in marble factories are most likely to affected in silicosis disease, I have to visited almost 13 factories in the month of February 2017 and the report for the month of November 2016 to January 2017 has been submitted to your good office. During visit I have checked the hygiene conditions and status of employees health and conduct health counseling sessions for the awareness regarding all indicator of health and silicosis.

This is for your kind information.

Regards,
